

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|--|---------------|---------------|-----------------|
| FRIDAY | 189 | 454 | Automated Head Measurements from 3D Photogrammetry in Young Children | Abdel Alim | Tareq | The Netherlands |
| FRIDAY | 210 | 492 | Botulinum Toxin for Scar Modulation in Primary Cleft Lip Repair: A Meta-Analysis | Alaniz | Leonardo | USA |
| FRIDAY | 195 | 89 | Primary Cleft Repair in Adult Patients With Untreated Cleft Lip and Palate Deformity | Allam | Karam | Egypt |
| WEDNESDAY | 46 | 704 | Long-term behavioral outcomes are different between school-aged children with metopic and sagittal synostosis | Almeida | Mariana | USA |
| WEDNESDAY | 49 | 714 | Epidemiological Trends in Facial Fractures and Dental Injuries related to Leisurely Activities | Almeida | Marianne | USA |
| WEDNESDAY | 44 | 665 | Genetic Implications on Behavioral Outcomes in Non-Syndromic Sagittal Craniosynostosis | Alper | David | USA |
| WEDNESDAY | 58 | 357 | Evaluation of epilepsy in patients with syndromic craniosynostosis | Alves Gulhote | Daniela | Brazil |
| THURSDAY | 112 | 678 | Scoping Review of Healthcare Disparities in Treatment of Craniosynostosis: Assessing Impacts of Race, Insurance, and Socioeconomic Status | Amin | Sharmi | USA |
| WEDNESDAY | 32 | 395 | Pre-operative Management of Sagittal synostosis | ANDERSON | Peter | Australia |
| THURSDAY | 93 | 210 | Fat Grafting for Temporal Hollowing Augmentation Following Craniectomy | Arbuiso | Sophia | USA |
| FRIDAY | 206 | 378 | Pesticide Use is Associated with Increased Risk of Cleft Lip and Palate in the United States | Arquette | Connor | USA |
| THURSDAY | 108 | 608 | Socioeconomic influence on surgical management and outcomes in patients with craniosynostosis - A systematic review | Bakovic | Melanie | USA |
| FRIDAY | 182 | 695 | Rise in incidence of gunshot wounds to the face: a 12-year retrospective study of changing patterns in management | Bane | Jack | USA |
| FRIDAY | 153 | 25 | Lasting Structural Support with Cadaveric Cartilage for Wegener's Granulomatosis (Polyangitis) Nasal Reconstruction | Bartlett | Sarah | USA |
| THURSDAY | 109 | 609 | Development and Preliminary Validation of a Bilingual Health-related Quality of Life Tool for Diverse Craniofacial Conditions | Belza | Caitlyn | USA |
| FRIDAY | 190 | 460 | A Critical Examination of Antibiotic Administration in Septorhinoplasty and Endoscopic Sinus Surgery: A Systematic Review | Benites | Cristina | USA |
| WEDNESDAY | 24 | 247 | The effect of helmeting on head circumference following endoscopic strip craniectomy for metopic craniosynostosis | Bishop | Natalie | United Kingdom |
| THURSDAY | 100 | 392 | The Cost of Delay: A Systematic Review Investigating Risk Factors for Delayed Craniosynostosis Treatment | Blum | Jessica | USA |
| FRIDAY | 185 | 208 | Harnessing the Power of Technology to Perform Accurate Osteotomies : A Novel Computer-Controlled Workflow | Bou Zeid | Naji | USA |
| THURSDAY | 128 | 611 | Positive Airway Outcomes in Syndromic Pierre Robin Sequence Infants Treated with Mandibular Distraction Osteogenesis: A Single Surgeon's Experience | Braswell | Ann Carol | USA |
| FRIDAY | 224 | 540 | Surgical Outcomes in Children with Craniofacial Desmoid Tumors: A Systematic Review of the Literature | Brown | Hannah | USA |
| THURSDAY | 118 | 60 | Perioperative management of obstructive sleep apnea in patients with syndromic craniosynostosis undergoing LeFort III osteotomy with distraction: a case series. | Brown | Katie Wegener | USA |
| FRIDAY | 174 | 488 | Self-Inflicted Gunshot Wound To The Orbits: A Case Report And Systematic Review | Brummund | Dieter | USA |
| THURSDAY | 141 | 277 | Expected Outcomes of Maxillomandibular Advancement on Obstructive Sleep Apnea - A Systematic Review and Pooled Analysis | Bystrom | Philip | USA |
| THURSDAY | 144 | 412 | How does jaw-closing muscle morphology relate to variation in mandibular shape in infants? | C. | Ezgi | The Netherlands |
| WEDNESDAY | 15 | 138 | Multiple revolution osteotomies in trigonocephaly | Cabezas | Ana | Colombia |
| WEDNESDAY | 69 | 276 | Patient-Specific Cutting Guides in Le Fort II Distraction with Zygomatic Repositioning: A Case Report | Calzadilla | Nathan | USA |
| THURSDAY | 122 | 315 | Mandibular Distraction Osteogenesis: Respiratory, Dental, Neurological, and Scar Outcomes at Four-Year Follow-Up | Card | Elizabeth | USA |
| WEDNESDAY | 51 | 139 | Posterior fossa distraction with cranial vault remodeling in cloverleaf skull deformity: case report | Caycedo | Diego | Colombia |
| FRIDAY | 171 | 393 | Epidemiology of maxillofacial injuries in Indonesia in the year 2020-2022, a single-centre national referral hospital study. | Cendrick | Windy | Indonesia |

ACCEPTED POSTER

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|---|------------------|------------|-----------------|
| WEDNESDAY | 10 | 19 | Early Bone Reformation after Cranial Vault Remodelling for Sagittal Craniosynostosis: 3D Measurement and Reformation Pattern | Chaisrisawadisuk | Sarut | Thailand |
| WEDNESDAY | 35 | 433 | Two Year Comparison of Sagittal Synostosis Morphometric Outcomes Following Open Posterior Expansion Versus Endoscopic Strip Craniectomy with Helmet Molding Performed before Four Months of Age | Chen | Leah | USA |
| FRIDAY | 196 | 99 | Institution experience on the first case of using pre-epiglottic baton plate for a patient with Pierre Robin Sequence | Cheng | Joanne | Singapore |
| WEDNESDAY | 7 | 532 | The Fate of the Frozen Bone Flap: Quantitative Assessment of Bone Flap Resorption Following Delayed Autologous Cranioplasty | Cherukuri | Sai | USA |
| FRIDAY | 163 | 193 | Modified Keystone Perforator Island Flap Techniques for Small- to Moderate-Sized Scalp and Forehead Defect Coverage | Cho | Wonseok | South Korea |
| FRIDAY | 22 | 236 | Early Intervention Services in Single Suture Craniosynostosis | choi | Dylan | USA |
| THURSDAY | 77 | 265 | Comparison of Methodologies for Craniofacial Soft-Tissue Cephalometrics: The Value of Virtual Reality | Choudhary | Akriti | USA |
| WEDNESDAY | 67 | 191 | Computer-aided, customized-assembled cutting guides for intraoral approach mandible reduction | Chung | Ming-Jui | Taiwan |
| THURSDAY | 228 | | Geographical and Socioeconomic effects on Cleft Lip and palate in Australia | Cook | Steven | Australia |
| WEDNESDAY | 1 | 115 | Syringomyelia in Crouzon/Pfeiffer syndrome; watch the back long term. | Cuperus | Iris | The Netherlands |
| WEDNESDAY | 71 | 459 | Treatment of Delayed Presentations of Craniosynostosis: Utility of Virtual Surgical Planning | Danial | Elizabeth | USA |
| THURSDAY | 96 | 297 | A novel, team approach to providing craniofacial surgery in the era of COVID-19 | Das | Sumit | United Kingdom |
| FRIDAY | 200 | 201 | Adjunctive Techniques in Primary Cleft Palate Reconstruction: A Systematic Review | Deleonibus | Anthony | USA |
| WEDNESDAY | 59 | 442 | Quantitative Evaluation of Changes to Nasal Septum and Inferior Turbinate Morphology following Le Fort III Midface Advancement | Di Chiaro | Bianca | USA |
| FRIDAY | 187 | 307 | Osteogenic potential of different mesenchymal progenitor cells from clinically relevant harvesting sites for 3D bioprinting of artificial bone tissue | Dinkelborg | Patrick | Germany |
| FRIDAY | 218 | 684 | Infection of a Calcified Cephalohematoma: Case Report, Literature Review and Proposed Treatment Algorithm | Doherty | Courtney | USA |
| WEDNESDAY | 64 | 623 | Protocol for records in Mid-face Surgery in Syndromic Craniosynostosis | Dominguez | Susana | United Kingdom |
| WEDNESDAY | 55 | 215 | Supplemental Reconstruction of the Apert Hand Following Syndactyly Release | Donnenfield | Jonah | USA |
| FRIDAY | 203 | 238 | Destructive nasofrontal dermoid cyst in a female toddler: A case report. | Dumrongwongsiri | Sarayuth | Thailand |
| WEDNESDAY | 29 | 355 | The Burden of Care for Caregivers of Children Undergoing Orthotic Helmet Therapy: A Qualitative Study | Ebeye | Tega | Canada |
| FRIDAY | 227 | 605 | Utilizing our in-house 3D printing service to improve accuracy for microsurgical reconstruction of the mandible and maxilla at Great Ormond Street Hospital | Eccles | Simon | United Kingdom |
| WEDNESDAY | 23 | 240 | Craniometric and Aesthetic Outcomes in Craniosynostosis Surgery: A Systematic Review and Meta-analysis | Edgar | Michael | USA |
| WEDNESDAY | 26 | 289 | High incidence of non-synostotic posterior plagiocephaly in children with trigonocephaly | Elawadly | Ahmed | United Kingdom |
| WEDNESDAY | 40 | 541 | Perinatal features of metopic craniosynostoses in Finland 1987-2010. Population-based study. | Elfving | Lina | Finland |
| FRIDAY | 157 | 67 | Orbital Fracture Management and Outcomes in Baltimore: A Multicenter Analysis | Er | Seray | USA |
| WEDNESDAY | 63 | 618 | RESULTS OF CRANIOPLASTY USING BONE DUST FROM THE SCRAPER IN 115 CASES OF CRANIOSYNOSTOSIS | Erek | Nur | Turkey |
| WEDNESDAY | 20 | 219 | Sand Dollar & Staves Technique for Treatment of Unilateral Lambdoid Craniosynostosis in Non-Syndromic Patients: A Comparative Analysis of Operative Metrics and Aesthetic Outcomes | Ferry | Andrew | USA |
| WEDNESDAY | 25 | 250 | Evaluating Relapse Following Fronto-orbital Advancement For Metopic and Unilateral Coronal Synostosis: The Lateral Brow Projection Angle | Fettig | Adrienne | USA |
| WEDNESDAY | 5 | 436 | A Case Series of Midline Sagittal Skull Indentation in Adolescence | Flor | Mandy | USA |

ACCEPTED POSTER

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|--|-----------------|------------------|-----------------|
| WEDNESDAY | 50 | 123 | Genetic diagnostic yield in an 11-year birth cohort of craniosynostosis patients | Gaillard | Linda | The Netherlands |
| THURSDAY | 99 | 347 | Optimization of the Electronic Health Record for Craniofacial Team Care | Garland | Catey | USA |
| THURSDAY | 89 | 702 | Race and Ethnicity in Facial Gender-Affirming Surgery: A Gap in the Literature | Ghafoor | Essie | USA |
| WEDNESDAY | 4 | 365 | Neurosurgical nuances of 75 syndromic craniosynostosis patients who underwent PVDO | Ghizoni | Enrico | Brazil |
| FRIDAY | 214 | 579 | Designing the Prolabial Flap in Revisional Bilateral Cleft Lip Surgery: Clinical and Quantitative Analysis of Post-Operative Widening with Longer-Term Follow-Up | goldstein | jeffrey | USA |
| THURSDAY | 134 | 126 | Abbé flap as a treatment for sequelae in patients undergoing cleft lip surgery. A case report. | Gonzalez Camara | Matias | Spain |
| WEDNESDAY | 39 | 472 | Orbital Dysmorphology Corrects after Endoscopic Strip Craniectomy in Metopic Craniosynostosis | Goodreau | Adam | Canada |
| THURSDAY | 117 | 43 | Mandibular Distraction in Patients with Pierre Robin Sequence: A Multi-Surgeon Experience | Goza | Shelby | USA |
| WEDNESDAY | 11 | 31 | Comparing Clinical Outcomes in Bone Particulate Autologous and Alloplastic Pediatric Cranioplasty | Greydanus | Matthew | USA |
| FRIDAY | 162 | 155 | Risk Factors Associated with Hospital Admissions for Pediatric Craniofacial Trauma | Guo | Dongdan | USA |
| THURSDAY | 79 | 283 | Machine Learning Applied to Cranioplasty Outcomes | Hamilton | Sonia | USA |
| THURSDAY | 80 | 411 | Full-automatic segmentation and volume measurement of masseter muscle based on three-dimensional computed tomography using U-shaped network: a validation study in East Asians | Han | Wenqing | China |
| THURSDAY | 151 | 673 | Wired vs. Rigid Fixation for Traumatic Mandibular Angle Fractures | Harmon | Kelly | USA |
| THURSDAY | 132 | 36 | Pediatric Maxilla-Mandible Oncoplastic Reconstruction: A 25 Patient Case Series. | Hashemi | Amar | USA |
| FRIDAY | 158 | 72 | Development and Validation of a Risk Calculator for the Prediction of Postoperative Diplopia Following Orbital Fracture Repair in Adults | Hassan | Bashar | USA |
| WEDNESDAY | 57 | 344 | Treatment of children with syndromic craniofacial dysostosis with frontofacial advancement in a bibloc fashion using a customized rigid external distraction system (RED II). | Heiland | Max | Germany |
| WEDNESDAY | 54 | 195 | Computer-Aided Midface Distraction in Syndromic Craniosynostosis | Hsieh | Thomas Mon-Hsian | Taiwan |
| FRIDAY | 186 | 275 | ARHGAP29 regulates the proliferation of mouse embryonic palatal mesenchymal Cells | Huang | Yongqing | China |
| WEDNESDAY | 19 | 212 | Optimal outcome reporting for single-suture craniosynostosis: a novel metric for benchmarking quality | Hughes | Christopher | USA |
| THURSDAY | 97 | 303 | Concurrent Plagiocephaly and Craniofacial Clinics | Ihekweazu | Chinonye | USA |
| FRIDAY | 179 | 660 | Epidemiology, Key Outcomes, and Advances in Managing Pediatric Facial Fractures Associated with Skin and Nerve Trauma | Irgebay | Zhazira | USA |
| FRIDAY | 181 | 666 | Should Prophylactic Antibiotics be Used in Patients with Traumatic Facial Injury? | Jazayeri | Hossein | USA |
| FRIDAY | 177 | 590 | Characterization of Cranial Growth Pattern Using Craniometric Parameters and Best-fit Logarithmic Growth Curves | Jeon | Sungmi | South Korea |
| WEDNESDAY | 18 | 200 | The Simultaneous Use of Spring and Distraction Osteogenesis as a Safe and stable Method for Coronal-Suture Craniosynostosis | Ji | Yi | China |
| WEDNESDAY | 53 | 165 | Delays in Early Development in Syndromic and Multiple Suture Craniosynostosis | Johns | Alexis | USA |

ACCEPTED POSTER

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|--|------------------|-------------------|-----------------|
| THURSDAY | 104 | 548 | Minimally invasive paediatric craniofacial surgery – a new anaesthetic paradigm? | Kakad | Shammi | United Kingdom |
| WEDNESDAY | 72 | 496 | Utilizing Patient-Specific Virtual Reality Planning for Free Fibula Mandibular Reconstruction: A Case Series | Kaplan | Nicolas | USA |
| THURSDAY | 139 | 258 | Characterizing Intranasal Anatomy and Airway Morphology in Patients with Dentofacial Deformities: A Retrospective Study | Kaplan | Nicholas | USA |
| FRIDAY | 165 | 244 | Mandibular Fracture Patterns and Associations with Other Craniofacial Fractures | Karwoski | Allison | USA |
| THURSDAY | 120 | 119 | Experiences of parents in Mandibular Distraction Osteogenesis | Kats | Jacoba | The Netherlands |
| WEDNESDAY | 41 | 543 | Billing Practices in Pediatric Fronto-orbital Advancement Surgery: Review of National Billing Database | Khechoyan | David | USA |
| FRIDAY | 84 | 129 | Non-Binary Rhinoplasty: A Case Series of Pre-Operative Considerations, Techniques and Clinical Outcomes | Khetpal | Sumun | USA |
| THURSDAY | 107 | 587 | Parental knowledge and attitudes towards genetic counseling and childhood genetic testing for congenital anomalies in Qatar | Kilani | Houda | Qatar |
| THURSDAY | 95 | 295 | Social Media and Website Use: The experiences of parents and carers accessing care at the Oxford Craniofacial Unit. | Kilcoyne | Sarah | United Kingdom |
| THURSDAY | 140 | 260 | Medial epicanthal fold correction using a Y-W epicanthoplasty in Asian Eyelids | Kim | Dasom | South Korea |
| FRIDAY | 154 | 29 | Predictors of outcomes and complications after orbital wall fractures reconstruction with unsintered hydroxyapatite/poly L-lactide | Kim | Sang Wha | South Korea |
| FRIDAY | 159 | 102 | The efficacy and safety of milled PEEK(polyetheretherketone) implant for facial bone reconstruction | Kim | Dong Yeon | South Korea |
| FRIDAY | 170 | 390 | Neglected fractures in maxillofacial injuries in the year 2020-2022 in a national referral hospital, epidemiological study with case series | Kreshanti | Prasetyanugraheni | Indonesia |
| THURSDAY | 111 | 652 | Immunotherapy-Associated Total and Permanent of Loss Facial and non-Facial Fat Compartments: Have we Found the Optimal Treatment? | Kreutz Rodrigues | Lucas | USA |
| THURSDAY | 148 | 617 | Characterizing the Epidemiology and Biomechanics of Paediatric Facial Fractures Associated with Dental Injuries | Kueper | Janina | USA |
| WEDNESDAY | 21 | 226 | Health-related quality of Life in children and adolescents with sagittal synostosis | Kurniawan | Melissa | The Netherlands |
| THURSDAY | 130 | 17 | Facial Contour Refining after Surgery-First SSRO with Computer-Assisted Design in East Asians | Lai | Chenzhi | China |
| THURSDAY | 137 | 223 | The Sternocleidomastoid Muscle–parotid Space Approach Reduces the Risks of Postparotidectomy Salivary Fistula | Lan | Lin | China |
| WEDNESDAY | 66 | 104 | Pediatric Cranial Intraosseous Lipoma: Literature Review and Craniofacial Treatment Approach | Lee | Anna | USA |
| FRIDAY | 222 | 363 | Reconstructive Management Using Thoracodorsal Artery Pedicled Compound Free Flap, Gap Arthroplasty for Temporomandibular Joint Ankylosis | Lee | Jun Wo | South Korea |
| FRIDAY | 223 | 518 | Concomitant Orthognathic Surgery & Fibula Free Flap Reconstruction after Hemimandibulectomy – A Unique Case Combination | Lee | Tiffany | USA |
| THURSDAY | 92 | 154 | Soft Tissue Correction in Hemifacial Microsomia and Parry-Romberg Syndrome Patients: Systematic Review | Lentskevich | Marina | USA |
| THURSDAY | 145 | 486 | Eight Years After One- versus Two-Stage Cleft Lip and Palate Repair: Are there any outcome differences? | Leung | Karen | USA |
| FRIDAY | 221 | 302 | Visualization Mapping and Current Trends of Facial Contouring Procedures: A Bibliometric Analysis Based on Web of Science | Li | Xin | China |
| FRIDAY | 156 | 64 | Application of Orthognathic Surgery Principles and Techniques in the Management of Deformity and Malocclusion after Craniomaxillofacial Trauma | Liao | Han Tsung | Taiwan |
| THURSDAY | 152 | 716 | Detoured sagittal split osteotomy to avoid unexpected fracture of inferior alveolar nerve | Lin | Clement | Taiwan |

|-----------|-----------|------------|--|--------------------|-------------------|-----------------|
| WEDNESDAY | 62 | 550 | Clinical Analysis of Le Fort III Osteotomy Distraction for Obstructive Sleep Apnea in Children with Syndromic Craniosynostosis | Liu | Yue | China |
| WEDNESDAY | 52 | 151 | Patients of syndromic craniosynostosis treated with LeFort III distraction osteogenesis during middle and late childhood: A long-term surgical outcome study | Lo | Samuel | Taiwan |
| WEDNESDAY | 74 | 604 | In house application of Virtual Surgical planning and 3D printing: the surgical design for each type of craniosynostosis | Lu | Tingchen | Taiwan |
| THURSDAY | 124 | 403 | Caregiver Challenges in Nursing a Patient with External Craniofacial Distractors | Lutfiah | Herni | Singapore |
| FRIDAY | 216 | 615 | Financial Analysis of Routine Intensive Care Unit Admission Following Palatoplasty in Patients with Robin Sequence | Mantilla-Rivas | Esperanza | USA |
| FRIDAY | 217 | 633 | Case report of an anophthalmic, anencephalic neonate with midline cleft lip and palate | Marupudi | Neena | USA |
| WEDNESDAY | 60 | 481 | Managing Late Onset ERF-Related Craniosynostosis with Cranial Vault Distraction Osteogenesis | Marx | Leandro | USA |
| FRIDAY | 204 | 375 | Early Tongue Stitch Removal Following Palatoplasty- Challenging the Status Quo | Marx-Albuquerque | Leandro | USA |
| THURSDAY | 91 | 150 | European Reference Network CRANIO | Mathijssen | Irene | The Netherlands |
| FRIDAY | 178 | 632 | A National Database Perspective on Pediatric Non-Accidental Trauma Patients and Differential Outcomes for Facial Trauma Operations | Meshkin | Dana | USA |
| FRIDAY | 226 | 600 | Microvascular Management of the Scalp, Skull, and Skull Base | Michael | Alexander | USA |
| FRIDAY | 202 | 213 | Repeat Buccal Flaps Successfully Reduce Hypernasality in a Patient with Cleft Palate. | Mitchell | David | USA |
| THURSDAY | 106 | 572 | Pediatric Craniofacial Quality Improvement Rounds: A Combined Multi-Disciplinary Australian and New Zealand Initiative | Moon | David | Australia |
| WEDNESDAY | 70 | 337 | Virtual Surgical Planning for Staged Craniopagus Conjoined Twin Separation: Reports from the Cutting Edge | Morales | Carrie | USA |
| THURSDAY | 119 | 101 | Reconstruction of Complex Facial Asymmetry: Problems and Refinements | Moreno Rozo | Natalia Katherine | Colombia |
| FRIDAY | 194 | 84 | Maternal Vitamin D Supplementation on PTCH1 and RAD54B Gene Polymorphisms in Children with Oral Cleft | Morvaridi Farimani | Reza | USA |
| WEDNESDAY | 3 | 364 | Evaluating Surgical Outcomes Following Reduction Cranioplasty for Hydrocephalic Macrocephaly: A Systematic Review | Moura | Steven | USA |
| THURSDAY | 133 | 57 | Title: Orthognathic Treatment in a Patient with SHORT syndrome: A Case Report | Mubeen | Suhaym | United Kingdom |
| FRIDAY | 198 | 174 | Sociodemographic Disparities in Access to and Outcomes After Cleft Palate Repair in the United States: A Systematic Review of the Literature | Munabi | Naikhoba | USA |
| WEDNESDAY | 9 | 710 | Management of Sinogenic Intracranial Complications in Pediatric Patients: Role of Plastic Surgery in Treatment | Njoroge | Moreen | USA |
| THURSDAY | 83 | 707 | Generative Pre-Trained Transformer Large Language Model Develops Novel Innovations in Craniofacial Surgery: A New Method of Creating Patent Ideas? | Najafali | Daniel | USA |
| WEDNESDAY | 36 | 435 | Cranial Shape Changes in Non-syndromic Unilateral Lambdoid Synostosis after Open Posterior Vault Remodeling: An Observational Study of Two-Year Outcomes | Nguyen | Andy | USA |
| THURSDAY | 78 | 271 | Can Automated and Semi-automated tools Replace the Human Eye for conducting Periorbital measurements? : A Comparison of Three Modalities | Nguyen | Alvin | USA |
| THURSDAY | 146 | 535 | Does Stripping of the Pterygomasseteric Sling in Sagittal Split Osteotomy Result in Bony Reabsorption? | Nguyen | Alvin | USA |

ACCEPTED POSTER

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|---|-------------|---------------|----------------|
| WEDNESDAY | 75 | 626 | Immediate Cranioplasty Using a Patient-Specific Poly-Ether-Ether-Ketone (PEEK) Implant in Patients with Spheno-Orbital Meningioma and Hyperostosis: Is It Feasible? | Odorico | Scott | USA |
| THURSDAY | 129 | 705 | Intraoperative facial nerve monitoring during mandibular distraction osteogenesis in infants with Robin sequence | Oh | Albert | USA |
| WEDNESDAY | 45 | 717 | Suturectomies assisted by cranial orthosis remodeling for the treatment of craniosynostosis can be performed without an endoscop | Olshinka | Asaf | Israel |
| FRIDAY | 213 | 519 | Novel Quantification of the Levator Veli Palatini for Cleft Palate Repair via Intraoperative MRI | Osias | Adrian | USA |
| FRIDAY | 188 | 410 | The bone-forming activity of the periosteum after prelamination of periosteum-fascia complex. | Park | Hojin | South Korea |
| WEDNESDAY | 30 | 371 | Calvarial Vault Remodeling Technique for Lambdoid Craniosynostosis | Patel | Kamlesh | USA |
| THURSDAY | 81 | 449 | Revolutionizing Craniosynostosis Care through AI Integration: A Systematic Review | Patel | Heli | USA |
| THURSDAY | 85 | 137 | STRUCTURAL FACIAL FEMINIZATION | Penagos | Rodrigo | Colombia |
| WEDNESDAY | 65 | 715 | Midface Hypoplasia after Frontofacial Advancement Procedure: 10 Years Follow Up | Permatasari | Yulan | Indonesia |
| WEDNESDAY | 37 | 440 | Disparities in Craniofacial Surgery Treatment and Outcomes: Results of a Systematic Review and Meta-Analysis of International Research | Plana | Natalie | USA |
| FRIDAY | 169 | 380 | New Vision ~ Application of Hybrid Operative Room in Plastic Surgery | Po-Cheng | Huang | Taiwan |
| THURSDAY | 105 | 566 | A US National Review of Crowdsourcing for Plagiocephaly Helmets | Podszus | Brendan | USA |
| FRIDAY | 160 | 114 | Traumatic Brain Injury in Patients with Frontal Sinus Fractures | Pope | Pharibe | USA |
| THURSDAY | 123 | 352 | Mandibular bone behavior in patients with craniofacial microsomia and Goldenhar syndrome treated by distraction osteogenesis technique. | Prada | Jose Rolando | Colombia |
| THURSDAY | 180 | 663 | Balancing Improved Survival and Long-term Outcomes After Surgical Treatment of Pediatric Head and Neck Cancer | Premaratne | Ishani | USA |
| THURSDAY | 135 | 182 | Use of 3-Dimensional Modeling in Interdisciplinary Planning of Cleidocranial Dysplasia | Preston | Kathryn | USA |
| WEDNESDAY | 61 | 521 | Role of Onlay Computer-Aided Design (CAD) implants in the management of relapse in Syndromic Craniosynostosis | Prince | Joel | USA |
| WEDNESDAY | 68 | 266 | Virtual Surgical Planning (VSP) Cutting Guides for Genioglossus Advancement | Purnell | Chad | USA |
| WEDNESDAY | 73 | 602 | A four-year experience of first-stage auricular reconstruction in microtia using patterned and holed 3D cutting guide methods. | Putri | Indri Lakshmi | Indonesia |
| FRIDAY | 173 | 413 | An innovative virtual reality training tool for the pre-hospital treatment of cranialmaxillofacial trauma. | Qi | Xiangdong | China |
| FRIDAY | 220 | 48 | Scalp Free Flap in Ehlers-Danlos Syndrome | Ramey | Shannen | USA |
| FRIDAY | 166 | 254 | Predictors of Postoperative Complications Following Mandibular Fracture Repair | Resnick | Eric | USA |
| THURSDAY | 82 | 529 | Using Latent Disentangled Convolutional Variational Autoencoders in the Identification of Beckwith-Wiedemann Syndrome | Rijlaarsdam | Tia | United Kingdom |
| WEDNESDAY | 48 | 709 | Preference Signaling in the Plastic Surgery Residency Application Process: The Student's Perspective | Rivera | Gian Paul | USA |
| THURSDAY | 114 | 701 | A Critical Assessment of Gender Diversity within Plastic Surgery | Rivera | Jean Carlo | USA |
| WEDNESDAY | 6 | 439 | Case Report of an Infant with Frontal Congenital Outer Table Skull Depression | Rozzelle | Arlene | USA |
| FRIDAY | 193 | 686 | Cranial Defect Reconstruction with Custom 3D-printed Hydroxyapatite Scaffolds: A Large Pre-Clinical Model | Runyan | Christopher | USA |

| DAY | Poster N° | Abstract # | POSTERS | Last Name | First Name | Country |
|-----------|-----------|------------|---|--------------|-------------|-----------------|
| FRIDAY | 225 | 567 | A Novel Algorithm for Pediatric Microsurgical Maxillary and Mandibular Reconstruction Using Custom Endoprosthesis | Trotter | Collean | USA |
| WEDNESDAY | 47 | 281 | The Rise of Online Medical Education During COVID-19: The International Craniofacial Chang Gung Webinar | Tu | Junior | Taiwan |
| FRIDAY | 164 | 241 | Application of submental intubation for simple airway management in panfacial fracture. A report on 31 cases. | Tuyen | Le Ngoc | Vietnam |
| WEDNESDAY | 2 | 290 | A 360-degree approach to syndromic faciocraniosynostoses - An early experience with a functional concept | Udayakumaran | Suhas | India |
| FRIDAY | 212 | 516 | A Modified Technique to Address the “Locked-Out” Premaxilla in Bilateral Cleft Palate Repair | Vargo | James | USA |
| WEDNESDAY | 12 | 40 | Craniometric and Volumetric Analyses of Normocephalic and Scaphocephalic Patients with Nonsyndromic Single-Suture Sagittal Craniosynostosis | Velazquez | Alexander | USA |
| WEDNESDAY | 38 | 447 | Endoscope-Assisted Fronto-Orbital Distraction Osteogenesis Reduces Blood Loss Without Increasing Operative Time in Unicoronal Craniosynostosis | Villavisanis | Dillan | USA |
| THURSDAY | 94 | 278 | Problem mapping in craniosynostoses in an institutional cohort, using our previously published work on nomenclature. | Vinay | Vinanthi | India |
| FRIDAY | 219 | 694 | Reconstruction of Severe Frontonasal Dysplasia in Infancy: A Case Report | Vyas | Raj | USA |
| FRIDAY | 175 | 490 | Resorbable Plating Systems in Craniofacial Surgery: Adverse Events Reported in the MAUDE Database | Wang | Carol | USA |
| WEDNESDAY | 197 | 125 | Sociodemographic disparities affecting access to and outcomes after cleft lip repair: A systematic review of the literature | Wei Wei | Shuyan | USA |
| THURSDAY | 98 | 342 | Information material for patients with craniosynostosis and their parents | Weissbach | Elin | The Netherlands |
| FRIDAY | 172 | 398 | Complex Mandibular Fracture reconstruction using vascularized free fibular flap. | Wikasono | Dwi | Indonesia |
| THURSDAY | 88 | 699 | Changes in Surface Area, Width, and Height in the Orbit, Mandible, and Chin among Facial Feminization patients | Williams | Mica | USA |
| WEDNESDAY | 34 | 426 | Clinical Presentation and Management of Isolated Squamosal Craniosynostosis | Wilson | Alexander | USA |
| WEDNESDAY | 76 | 647 | Fabrication of a patient specific template for fronto-orbital advancement and remodeling | Wittig | Jörn | Austria |
| FRIDAY | 211 | 502 | Midface Growth Outcomes Following Staged Rotation Advancements for Bilateral Cleft Lip Repair | Wolfe | Erin | USA |
| FRIDAY | 199 | 192 | Secondary Alveolar Bone Grafting Following Gingivoperiosteoplasty in Children with Cleft Lip and Palate. | Wolfswinkel | Erik | USA |
| THURSDAY | 87 | 376 | The Accuracy of a Patient Specific Three-Dimensional Digital Osteotomy Template for Mandibular Angle Osteotomy | Wu | Guoping | China |
| WEDNESDAY | 28 | 343 | Stratification of ophthalmologic diagnoses following correction of non-syndromic craniosynostosis | Wu | Robin | USA |
| FRIDAY | 183 | 148 | An additional whole-exome sequencing study in 102 panel-undiagnosed patients: A retrospective study in a Chinese craniosynostosis cohort | Wu | Yingzhi | China |
| THURSDAY | 131 | 28 | Evaluation of Treatment with Unilateral Mandibular Sagittal Split Ramus Osteotomy and Maxillary Osteotomy in Patients with Condylar Osteochondroma and Mandibular Asymmetry | Xia | Liang | China |
| THURSDAY | 113 | 698 | Novel, low-cost ear elevation splint for auricular reconstruction | Yamada | Akira | USA |
| THURSDAY | 127 | 570 | Two-stage treatment strategy for Hemifacial Microsomia Type II: Prior ramus distraction followed by maxillomandibular osteotomy and fat grafting | Yamashita | Masanobu | Japan |
| FRIDAY | 161 | 149 | Maxillofacial Fracture : an 11-year retrospective study of 2240 cases in Northwest China | Yan | Di | China |
| WEDNESDAY | 56 | 294 | The impact of obstructive sleep apnea on growth in patients with syndromic and complex craniosynostosis | Yang | Sumin | The Netherlands |
| FRIDAY | 168 | 274 | Differences in Practice Patterns in Orbital Fracture Management: A National Survey | Yang | Kevin | USA |
| THURSDAY | 147 | 549 | Preliminary observation of free autologous fat transplantation(AFT) in the treatment of mild to moderate hemifacial microsomia(HFM) in children | Ye | Xinhai | China |
| THURSDAY | 138 | 252 | Case Report: Orthognathic Surgery on a patient with Osteogenesis Imperfecta Type IV | Yim | Nicholas | USA |
| THURSDAY | 125 | 491 | Adverse Events Associated with Craniofacial Distractor Use | Yom | Jina | USA |
| WEDNESDAY | 33 | 419 | Keeping an Eye on Metopic Craniosynostosis: Effects of Severity on Orbital Dymorphology | Zapatero | Zachary | USA |
| FRIDAY | 207 | 384 | Three-dimensional Printing for Bone Graft Surgical Planning in Facial Clefts | Zarasade | Lobredia | Indonesia |
| WEDNESDAY | 17 | 197 | Incidence and factors of secondary craniosynostosis: a single-center retrospective research | zhang | songchunyan | China |
| WEDNESDAY | 8 | 555 | Multidisciplinary treatment of a complex pediatric dermatofibrosarcoma protuberans of the scalp | Zheng | Eugene | USA |
| THURSDAY | 86 | 311 | The Application of Guide Plate with Malleableness and Memory in Mandibular Angle Osteotomy | Zheng | Houbing | China |
| FRIDAY | 155 | 59 | Combining Patient Specific Implant with Malar Reduction to Repair Mid-facial Asymmetry Caused by Craniofacial Fractures in Asians | Zhou | Sizheng | China |
| WEDNESDAY | 43 | 621 | Three-Dimensional Printed Skulls Improve Caregiver Education on Craniosynostosis: A Randomized Controlled Trial | Zhu | Katherine | USA |

As of Aug 18, 2023
